DECODING THE PROPOSED EV POLICY 2.0

The policy, drawn up for 2026–2030, combines bans with time-bound incentives

What will be phased out and when

DEC. 31, 2026

Last date for aggregators to add BS-VI two-wheelers to fleets

JAN. 1, 2027

Only electric three-wheelers allowed for new registrations

APR. 1, 2028

Ban on new petrol two-wheeler registrations

What is the electrification target for school bus fleets

END OF YEAR 2

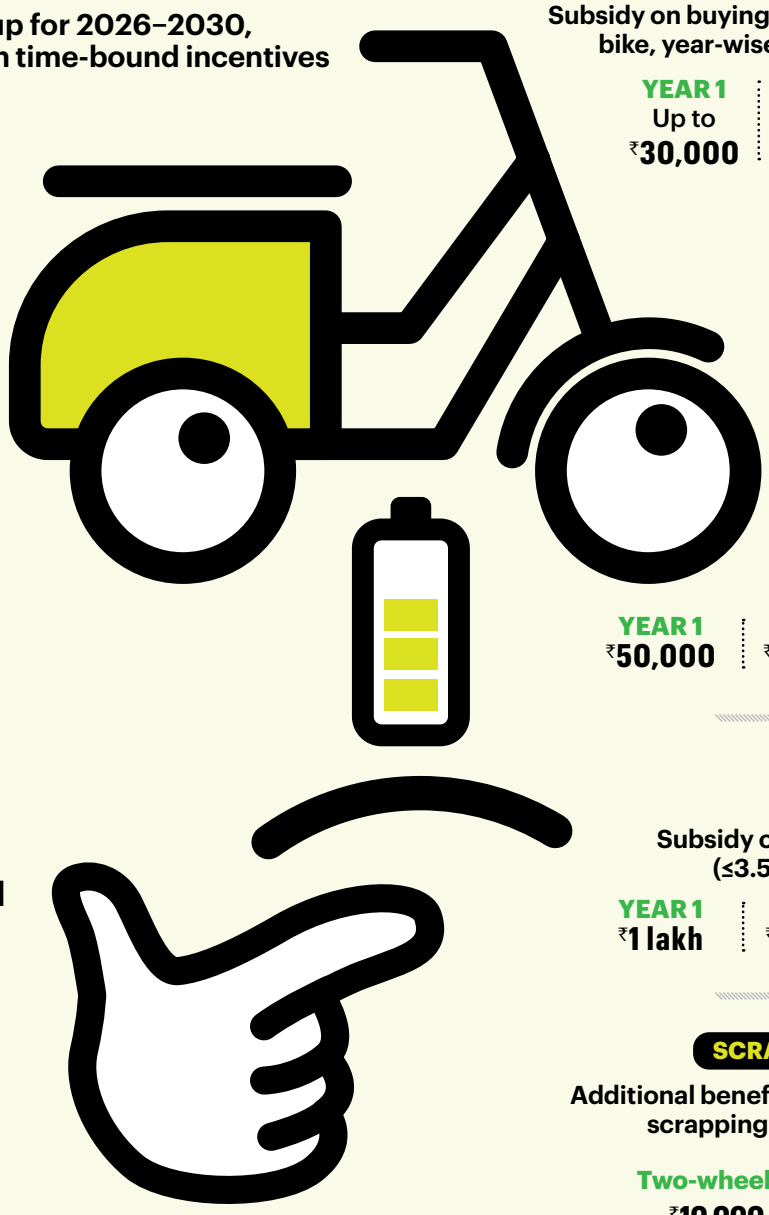

At least 10%

END OF YEAR 3

At least 20%

BY MAR. 31, 2030

At least 30%

WHAT INCENTIVES WILL DRIVE EV ADOPTION IN DELHI

TWO-WHEELERS

Subsidy on buying new electric scooter/ bike, year-wise after the notification

YEAR 1	YEAR 2	YEAR 3
Up to ₹30,000	Up to ₹20,000	Up to ₹10,000

There is a year-wise cap of ₹10,000/ ₹6,600/ ₹3,300 per kWh, respectively, linked to battery capacity; ₹2.25 lakh maximum vehicle price (ex-factory)

THREE-WHEELERS

Subsidy on new electric auto/ replacement of old CNG auto

YEAR 1	YEAR 2	YEAR 3
₹50,000	₹40,000	₹30,000

CARGO VEHICLES

Subsidy on electric N1 category (≤3.5 tonnes) cargo vehicle

YEAR 1	YEAR 2	YEAR 3
₹1 lakh	₹75,000	₹50,000

SCRAPPAGE INCENTIVES

Additional benefits on buying EVs after scrapping conventional vehicles

Two-wheeler	Three-wheeler
₹10,000	₹25,000

Car	N1 cargo vehicle
₹1 lakh*	₹50,000

** for first 100,000 applicants; under ₹30 lakh ex-factory price*

TAX EXEMPTIONS

Savings on EV registrations

Road tax/ registration fee

100%

waiver for pure EVs; but 0% for cars priced above ₹30 lakh

What about passenger cars?

- Delhi has 2.1 million registered cars/ SUVs, of which just 20,137, or less than 1 per cent, are pure EVs
- At present, petrol vehicles are permitted to ply for 15 years and diesel for 10 in the National Capital Territory
- Fleet aggregators are no longer allowed to induct new petrol or diesel cars since Jan. 1 this year
- The draft policy does not propose any additional ban on petrol/ diesel cars beyond these existing mandates
- The policy also proposes a 50 per cent waiver on road tax and registration fees for strong hybrids (which can operate in electric-only mode for short distances) priced below Rs 30 lakh
