A Journey into The Macallan with lead whisky maker Euan Kennedy

Sandeep Arora
Consulting Editor, Whisky Magazine (UK)

There are whiskies you drink for celebration, whiskies you drink for status —and then there are whiskies you return to for conversation. The Macallan belongs firmly to the last category.

When I sit down with Euan Kennedy, one of the custodians of The Macallan's whisky-making legacy, the conversation doesn't begin with tasting notes or price points. It begins with people. With places. With memory. And somewhere in between, whisky quietly takes centrestage.
