OBJECTS OF DESIRE

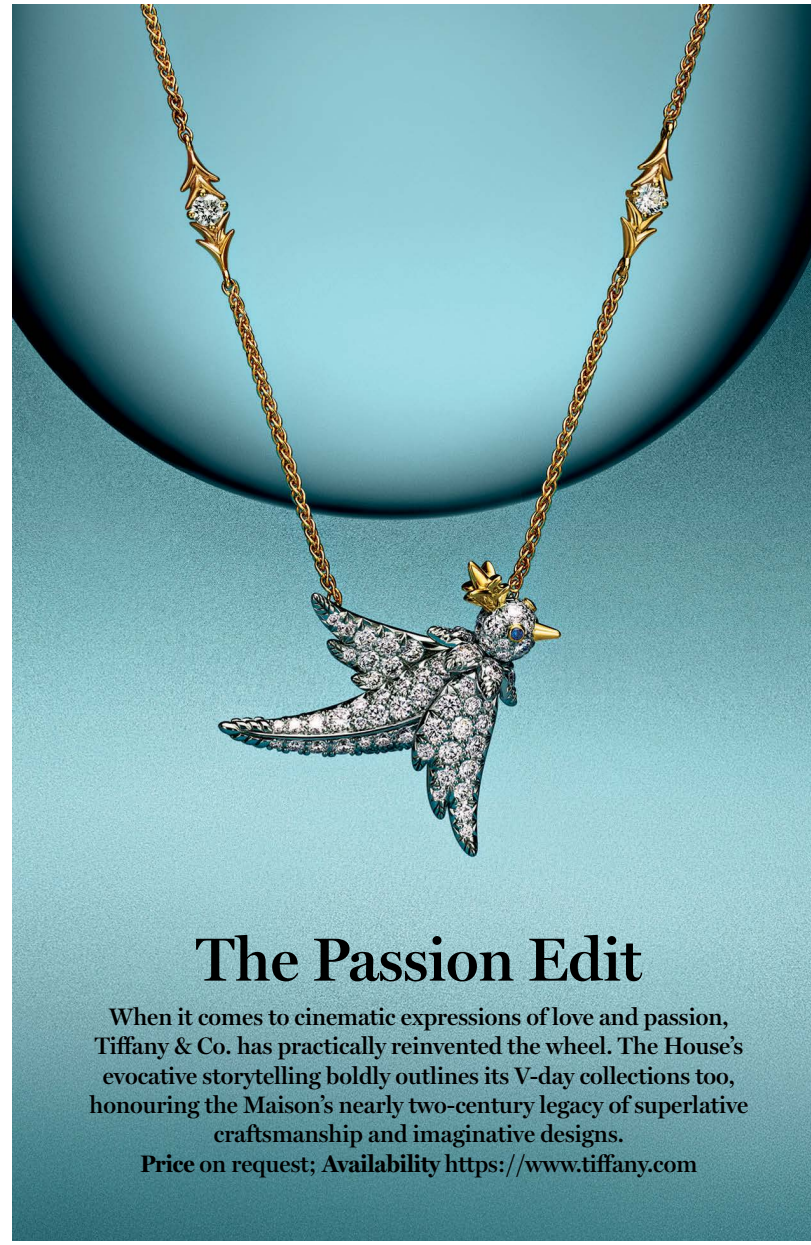

PICK OF THE MONTH

STEAL THE THUNDER

When a lipstick is too in your face; lipstain, too subtle a gesture, a lip gloss may be your best bet to seal the deal. YSL LOVESHINE, a plumping lip oil gloss, the latest launch from YSL Beauty, delivers a luscious, hydrated, sparkly pout. Don't fret much about the slight tingling from the ginger and pepper oil blend that lends a gentle plump, making your lips look fuller and more nourished. This icy-lavender gloss delivers a glassy high-shine finish, while hyaluronic acid and fig pulp hydrate.
