SEAMLESS TRANSITIONS
(clockwise from right) Guest bedroom; prayer room framed by Indo-modern sliding glass partitions; the dining has marble inlay flooring; prayer room

The Heart of the Home
At the centre of this open plan lies the temple, a space designed for quiet contemplation. Adorned with aqua-green onyx and a meticulously crafted stone-designed marble rangoli, the temple is framed by Indo-modern sliders that balance privacy with openness. Nearby, a traditional wooden swing invites moments of quiet reflection, anchoring the central zone with a sense of nostalgic comfort.
