

Designed for the Senses
A truly exceptional shower engages more than just the body—it awakens the senses. Touch-T offers a rich orchestration of water experiences. Its ultra-fine nozzles ensure dense, consistent flow even under low pressure, while multiple spray configurations allow you to tailor every moment.

The Touch-T Shower Head Set delivers a consistent flow of water—even in low-pressure conditions—for a reliably comfortable shower experience every time. Available in both 1-Way 2-Flow and 2-Way 2-Flow configurations, it offers the flexibility to choose a setup that best suits your personal showering preference and daily routine.

The Touch-T Hand Shower features three distinct spray modes—activated with just one effortless tap—allowing the shower experience to adapt seamlessly to your needs. Choose from Mist Spray Mode for a soft, refreshing feel, Intense Filar Spray Mode for a more focused and energising rinse, and Wide Coverage Filar Mode for a broader, immersive showering experience.

Intelligent Configurations, Seamless Living
Touch-T adapts effortlessly to your space and lifestyle. Whether you prefer a minimalist three-way configuration or a fully immersive four-way configuration, the system is engineered for flexibility without compromising on elegance. The waterfall shoulder shower, with its built-in design, doubles as a bathtub filler—blending utility with visual restraint.

Engineering Meets Elegance
Beneath its refined exterior lies a core of advanced engineering.

The integrated control panel is designed for both ease of installation and long-term durability. Crafted from high-strength, corrosion-resistant materials, it stands resilient against time and environment.

A standout feature is the 38°C safety lock, ensuring a consistently comfortable and water temperature. Paired with best in class thermostatic valve, it reacts instantly to fluctuations—maintaining stability without interruption.

The New Luxury: Effortless Living
Touch-T is more than a shower—it is a shift in mindset. It invites you to slow down, to reconnect with the simplicity of everyday rituals, and to experience luxury not as excess, but as ease.

In a world that often feels overwhelming, Touch-T offers something rare:
a moment of clarity, a touch of calm,
and the quiet joy of a perfectly designed experience.
