

UPASANA TAKU
Co-founder, Executive Director & CFO, Mobikwik

“Doing a startup used to be a big taboo when we started. Today, there is a very large ecosystem of accelerators, angel investors and seed funds”

“Most Indian startups, including mine, prefer hiring those who have had a failed startup. The skills you learned are more valuable than what you might have learned in a corporate setup”

“There is a relatively small number of women working as producers, composers and engineers. We have to claim our space at the table, rather than wait for someone to give it to us”

MADHUBANTI BAGCHI, *Singer*
