Most travellers to Seychelles head straight for the famous granite boulders of Mahe or to Anse Source d'Argent the most photographed beach in the world. However, the real secret of the archipelago is Desroche Island, almost entirely covered in dense coconut groves and endemic jungle. It is where Prince William and Kate Middleton famously retreated, where Serena Williams escapes for a total digital blackout and a preferred sanctuary for the Padukones and Pandays.

The Allure

While much of the 115-island archipelago clusters around the mainland, Desroches remains a total outlier. This 5km-long coral fragment is a solitary outpost cast deep into the Indian Ocean. The secret to its exclusivity is its accessibility or lack thereof. Desroche is one of the few private islands in the Indian Ocean with its own airstrip, allowing the jetset to land private charters directly on the island. The Four Seasons is the only resort on the island and with only 71 villas scattered across a landmass larger than some European city-states, the
