THE GREAT GLP-1 DEBATE: MIRACLE CURE OR MEDICAL CAUTION?

1

"Earlier, a healthy lifestyle was the norm, drugs were the exception. Today it's the opposite"

JITENDRA CHOUKSEY
Founder & MD, FITTR

2

"These drugs help treat diabetes, protect organs and prolong life. If taken under supervision, you can avoid more drugs and implements"

DR SHASHANK R. JOSHI
Diabetologist and endocrinologist, Lilavati Hospital, Mumbai

BUILDING INDIA'S SMART FARMS WITH AI, IoT & HYDROPONICS

"When we started growing vegetables through hydroponics, the cost was almost double, but overtime, with scale and efficiency, we have reduced it to a 20 per cent premium"

GANESH NIKAM
Co-founder, Nutrifresh

"Instead of defining food as organic or inorganic, the right way to look at it is that food should be residue-free and safe to eat"

SANKET MEHTA, *Co-founder, Nutrifresh*

Photographs by MANDAR DEODHAR

THE FATAL VOW: WHEN 'I DO' TURNS DEADLY

"Nobody dies of dowry. They die of violence. Women suffer...mostly suffer in silence"

FLAVIA AGNES
Lawyer and activist

"When somebody is wronged, it should not be looked at from the spectrum of gender"

DEEPIKA NARAYAN BHARDWAJ, *Men's rights documentary-maker*

"Mostly the couples come to us at the point of no return; that is the big problem. It stems from basic education"

DR PAVAN SONAR
Psychiatrist, sexologist and couples' therapist
